If you checked yes, how many? 28 (FTE's)

What languages do they interpret?

Spanish, Portuguese, Vietnamese, Mandarin

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Every new Wellstar team member is educated during their employee orientation on interpretation and Culturally Competent care. Cultural Competency education is also provided in new leadership orientation training. Wellstar created and offers to all staff computer-based learning modules that instruct them on how to determine a patient's preferred language, obtain a qualified medical interpreter, how to work with an interpreter, and how to chart medical interpretation usage according to the CLAS standards. Wellstar is developing a comprehensive tool and other resources for physicians and Wellstar staff and currently provides CBL cultural competence training as a resource.

5. What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

Comments:

Part D.2, Surgical Addendum and Perinatal Addendum: All sections related to race: patients who do not identify a race are listed as multiracial.

Part E.4 - Part E.4 - The hospital used Trauma Registry codes to determine Trauma cases. The hospital used ICD-10 codes to determine psych patients used 0-17 for peds patients and all other were general ED beds for survey reporting purposes. The visit data reflects the types of cases that relate to the described bed/room type, regardless of where in the emergency department the patient took place.

Part E.8 the hospital is not able to track diverted cases.

Part F.1.b hospice counts show hospice patients in a hospital bed and do not show activities of WellStar owned hospice facilities.

Part G.3 physicians who do not identify a race are listed as multiracial.

Parts G.3 and G.4: the differences in the total number of physicians between these two categories are attributable to the physicians accounted for in G.4 who do not have admitting privileges; consistent with the survey instructions those non-admitting physicians are not counted in G.3.

Part G.4: the reported number of physician providers enrolled in Medicaid/ PeachCare and/or public employee health benefits plan was derived from hospital billing records. The hospital expects that there are additional physicians on its medical staff who are enrolled in these programs but not reflected in the survey count.

Perinatal Services Addendum: Part C.1 and C.2: the mother's admission and inpatient days do not include antepartum admissions and days.

Minority Health Addendum: The Interpreters are shared across all Wellstar Health System hospitals.
