

HEALTH FACTORS

Social Determinants of Health

Wellstar's Community Health Needs Assessment highlights factors that impact our community's health and wellbeing.

- Access to Healthcare
- Education
- Food Security
- Income
- Social Support
- Systemic Racism & Discrimination
- Transportation

WELLSTAR STRATEGIES

Strategic Alignment

Six strategic domains guide the Center's programs, policies and systems in addressing health disparities for our communities.

- Access to Primary Care
- Behavioral Health
- Cancer
- Food Insecurity
- Suicide
- Women's Health

WELLSTAR TACTICS

PeopleCare in Action

Wellstar is committed to a multidisciplinary approach to address deeply entrenched inequities that inform health disparities.

- Data-Driven Community Health Strategies
- Clinical Integration
- Strategic Partnerships
- Thought Leadership
- Public Policy & Advocacy

WELLSTAR GOAL

Health Equity

Health equity is the attainment of the highest level of health for all people.

Wellstar's Center for Health Equity activates system-wide strategies, initiatives and programs that are addressing health disparities. Driven by a cross-functional team; the Center leverages Wellstar's diverse leadership and expertise so we can show up for our community when and where they need us most.

Strategic Partnerships

Through internal and external strategic partnerships, the Center is better positioned to implement multi-disciplinary approaches to address factors that drive deeply entrenched health inequities.
