Note B - Medicaid cost settlement payments refer to payments made by Medicaid during a cost report settlement that are not reflected on the claims paid summary (RA summary or PS&R).

Note C - Other Medicaid Payments such as Outliers and Non-Claim Specific payments. DSH payments should NOT be included. UPL payments made on a state fiscal year basis should be reported in Section C of the survey.

Note D - Should include other Medicare cross-over payments not included in the paid claims data reported above. This includes payments paid based on the Medicare cost report settlement (e.g., Medicare Graduate Medical Education payments).

Note E - Medicaid Managed Care payments should include all Medicaid Managed Care payments related to the services provided, including, but not limited to, incentive payments, bonus payments, capitation and sub-capitation payments.

NOTE: Inpatient uninsured payment rate is outside normal ranges, please verify this is correct.

NOTE: Outpatient uninsured payment rate is outside normal ranges, please verify this is correct.

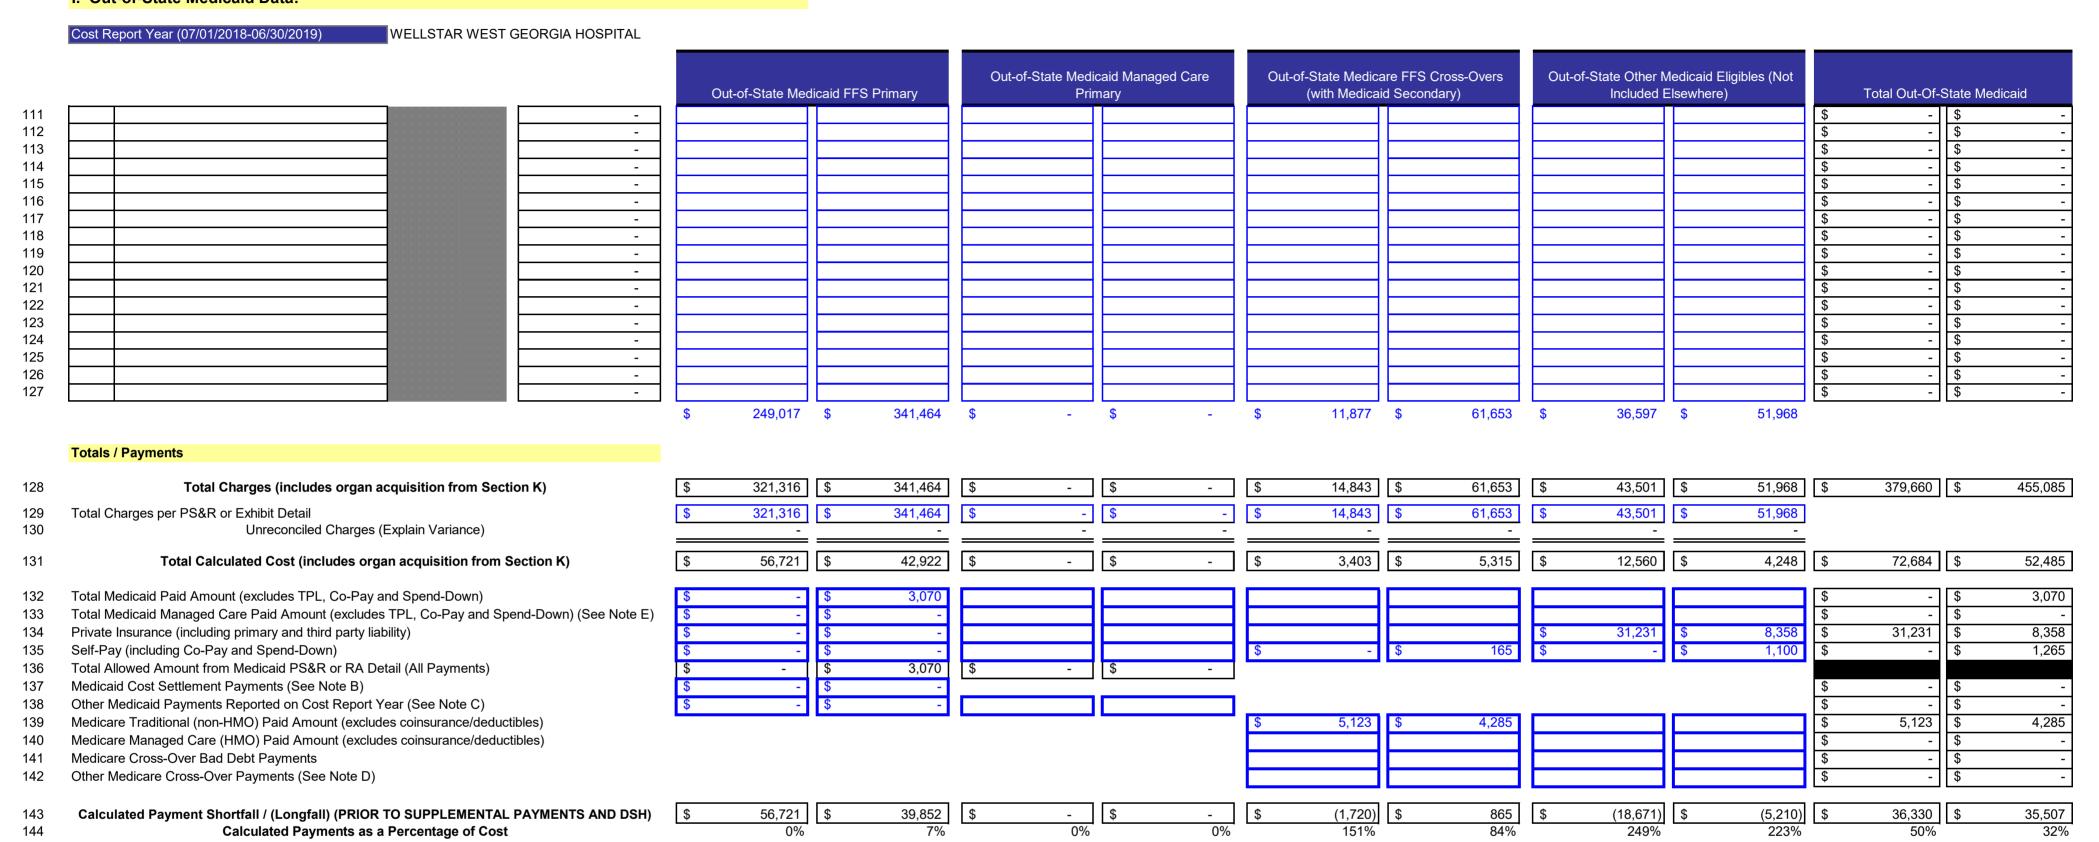

I. Out-of-State Medicaid Data:

Note A - These amounts must agree to your inpatient and outpatient Medicaid paid claims summary. For Managed Care, Cross-Over data, and other eligibles, use the hospital's logs if PS&R summaries are not available (submit logs with survey).

Note B - Medicaid cost settlement payments refer to payments made by Medicaid during a cost report settlement that are not reflected on the claims paid summary (RA summary or PS&R).

Note C - Other Medicaid Payments such as Outliers and Non-Claim Specific payments. DSH payments should NOT be included. UPL payments made on a state fiscal year basis should be reported in Section C of the survey.

Note D - Should include other Medicare cross-over payments not included in the paid claims data reported above. This includes payments paid based on the Medicare cross-over payments (e.g., Medicare Graduate Medical Education payments).

Note E - Medicaid Managed Care payments should include all Medicaid Managed Care payments related to the services provided, including, but not limited to, incentive payments, bonus payments, capitation and sub-capitation payments.

L. Provider Tax Assessment Reconciliation / Adjustment

An adjustment is necessary to properly reflect the Medicaid and uninsured share of the provider tax assessment for some hospitals. The Medicaid and uninsured share of the provider tax assessment collected is an allowable cost in determining hospital-specific DSH limits and, therefore, can be included in the DSH examination survey. However, depending on how your hospital reports it on the Medicare cost report, an adjustment may be necessary to ensure the cost is properly reflected in determining your hospital-specific DSH limit. For instance, if your hospital removed part or all of the provider tax assessment on the Medicare cost report, the full amount of the provider tax assessment would not have been apportioned to the various payers through the step down allocation process, resulting in the Medicaid and uninsured share being understated in determining the hospital-specific DSH limit. If your hospital needs to make an adjustment for the Medicaid and uninsured share of the provider tax assessment, please fill out the reconciliation below, and submit the supporting general ledger entries and other supporting documentation to Myers and Stauffer, LC along with your hospital's DSH examination surveys.
